Section 2. Hazards Identification

Classification ACUTE TOXICITY - INHALATION - Category 5

ACUTE TOXICITY - ORAL - Category 4
ASPIRATION HAZARD - Category 2
EYE DAMAGE/IRRITATION - Category 2B
FLAMMABLE AEROSOLS - Category 1

SKIN CORROSION/IRRITATION - Category 2

SPECIFIC TARGET ORGAN TOXICITY (Single Exposure) - Category 3

Signal Word

Pictogram

Hazard Statements Causes eye irritation

Causes skin irritation

Extremely flammable aerosol

Harmful if swallowed May be harmful if inhaled

May be harmful if swallowed and enters airways

May cause drowsiness or dizziness.

Precautionary Statements

Response Call a poison center/doctor if you feel unwell.

Do NOT induce vomiting.

If eye irritation persists: Get medical advice/attention.

If in eyes: Rinse cautiously with water for several minutes. Remove contact

lenses, if present and easy to do. Continue rinsing.

IF INHALED: Call a POISON CENTER or doctor if you feel unwell

If inhaled: Remove person to fresh air and keep comfortable for breathing.

If on skin: Wash with plenty of soap and water.

If skin irritation occurs: Get medical advice/attention.

If swallowed: Rinse mouth. Do NOT induce vomiting. Immediately call a poison

center/doctor.

Read label before use.

Rinse mouth.

Take off contaminated clothing and wash it before reuse.

Prevention Avoid breathing dust/fume/gas/mist/ vapors/spray.

Do not eat, drink or smoke when using this product. Do not spray on an open flame or other ignition source.

Keep away from heat.

Pressurized container: Do not pierce or burn, even after use.

Use only outdoors or in a well-ventilated area.

Wash thoroughly after handling.

Wear protective gloves.

Storage Protect from sunlight. Do not expose to temperatures exceeding 50C/122F.

Store in a well-ventilated place. Keep container tightly closed.

Store locked up.

Disposal Dispose of contents/container in accordance with local, state and federal

regulations.

Additional Information None known

Section 3. Ingredients

CAS		Ingredient Name	Weight %
110-54-3	Hexane		22% - 38%

67-64-1	2-Propanone	22% - 38%
68476-86-8	Liquified Petroleum Gas	20% - 30%

Occupational exposure limits, if available, are listed in Section 8.

Section 4. First-Aid Measures

Eye Contact Move to fresh air. Flush eyes gently with water while holding eyelids apart. If

symptoms persist or there is any visual difficulty, seek medical attention.

Skin Contact Remove contaminated clothing and wash skin with soap and water. Get medical

attention if irritation persists. Launder clothing before reuse.

Ingestion Seek medical attention. DO NOT give anything by mouth; place individual on the

left side with the head down. Contact a physician, medical facility, or poison

control center for advice about whether to induce vomiting.

Inhalation Remove individual to fresh air. Give oxygen if breathing is labored. If breathing

has stopped give artificial respiration. Keep person warm, quiet and seek

medical attention.

Notes to Physician Inhalation of high concentrations of this material, as could occur in enclosed

spaces or during deliberate abuse, may be associated with cardiac arrhythmias. Sympathomimetic drugs may initiate cardiac arrhythmias in persons exposed to

this material. This material is an aspiration hazard.

Section 5. Fire Fighting Measures

Suitable Extinguishing

Media

Unsuitable Extinguishing

Media

Flammability (per flame

projection)

Unusual Fire or Explaion

Hazards

Dry powder, foam, carbon dioxide.

Water may be ineffective.

Extremely flammable

Contents under pressure. Do not expose to temperatures exceeding 120° F as

containers may vent, rupture or burst.

Material is volatile and readily gives off vapors which may travel along the ground or be moved by ventilation and ignited by pilot lights, flames, sparks, heaters, smoking, electric motors, static discharge or other ignition sources at locations near the material handling point. Never use welding or cutting torch on or near area of use because product (even just residue) can ignite explosively.

Special Fire Fighting Procedures

Wear full firefighting turn-out gear (full Bunker gear), and respiratory protection (SCBA). Water may be ineffective for extinguishment unless used under favorable conditions by experienced fire fighters. Use water spray to cool fire exposed containers and structures until fire is out if it can be done with minimal risk. Avoid spreading burning material with water used for cooling purposes.

Section 6. Accidental Release Measures

Steps to be taken in case of spill or release

Absorb spill with inert material then place in a chemical waste container.

Dispose of spill material in accordance with regulations.

Section 7. Handling and Storage

Handling DANGER! EXTREMELY FLAMMABLE. VAPOR HARMFUL. HARMFUL OR FATAL IF

INHALED OR SWALLOWED. Contents under pressure. Keep away from heat, sparks, sources of ignition and open flames. Do not smoke while using or near area of use. Avoid contact with eyes. Avoid prolonged or repeated contact with skin. Use only in a well-ventilated area. Do not store at temperatures above 120°F. Intentional misuse by deliberately concentrating and inhaling the vapors

(contents) may be harmful or fatal.

Storage Keep out of reach of children. Do not store near heat, sparks, or open flames. Do

not expose to temperatures above 120°F as container may vent, rupture or burst. Do not puncture or incinerate container. Do not store in direct sunlight. Store in a

cool, dry, well-ventilated area away from incompatible materials. Store in

accordance with NFPA 30B for Level 3 Aerosols.

Other Precautions Read label precautions carefully. Follow label directions to avoid injury.

Section 8. Exposure Controls/Personal Protection

Occupational Exposure Limits	Ingredient Name	ACGIH TLV	OSHA PEL	STEL
	Hexane	50 ppm	500 ppm	1000 ppm
	2-Propanone	500 ppm TWA	1000 ppm TWA	750 ppm
	Liquified Petroleum Gas	1000 ppm	Not Est.	N/A

Personal Protective

Equipment

N/A

Ventilation Local Exhaust: Maintain adequate ventilation.

Mechanical (General):

Respiratory Protection Maintain exposure below exposure guidelines below levels that cause known,

suspected or apparent adverse effects

Eye Protection Chemical goggles with side shields or face shield recommended.

Protective Gloves Chemical resistant gloves.

Other Protective Clothing or Wash hands after use and before eating, drinking, chewing gum or smoking.

Equipment

Other Precautions Intentional misuse by deliberately concentrating and inhaling the contents can

be harmful or fatal.

Section 9. Physical and Chemical Properties

Physical State	Aerosol
	spray can
Color	Opaque red liquid

Odor	Hydrocarbon
Odor Threshold	N/A
Solubility	Insoluble in water
Partition coefficient Water/n-octanol	N/A
VOC%	60.08%
Viscosity	Not established
Specific Gravity	0.76
Density lbs/Gal	N/A
Pounds per Cubic Foot	N/A
Flash Point	<17C concentrate
FP Method	N/A
рН	N/A
Melting Point	N/A
Boiling Point	Not established
Boiling Range	N/A
LEL	N/A
UEL	N/A
Evaporation Rate	> 1.00 (BuAc=1)
Flammability	Flammable
Decomposition Temperature	N/A
Auto-ignition Temperature	N/A
Vapor Pressure	Not established
Vapor Density	Not established

Note The above information is not intended for use in preparing product

specifications. Contact Soudal Accumetric before writing specifications.

Section 10. Stability and Reactivity

Chemical Stability Stable

Hazardous polymerization Will not occur

Conditions to Avoid Open flames; Temperatures above 120F

Materials to Avoid Concentrated nitric and sulfuric acid mixtures, oxidizing materials, chloroform,

alkalis, chlorine compounds, acids, potassium t-butoxide

Hazardous Decomposition Carbon monoxide, carbon dioxide, hydrocarbons

Products

Section 11. Toxicological Information

Carcinogenicity Chronic Hazards

No ingredient in this product is an IARC, NTP or OSHA listed carcinogen. Intentional misuse by deliberately concentrating and inhaling the contents may be harmful or fatal. Reports have associated repeated and prolonged occupational overexposure to solvents with permanent brain and nervous system damage.

Section 12. Ecological Information

Fate and Effects in Waste Water Treatment Plants

Complete information is not yet available.

Environmental Effects

Complete information is not yet available.

Environmental Fate and

Complete information is not yet available.

Distribution

Section 13. Disposal

Waste Disposal Method

We make no guarantee or warranty of any kind that the use or disposal of this product complies with all local, state, or federal laws. It is also the obligation of each user of the product mentioned herein to determine and comply with the requirements of all applicable statutes.

This product is not known to be regulated under RCRA regulations, but contains SARA regulated substances. Disposal of unused portions of this product and process waste containing this product should be done only after a careful evaluation and in compliance with all federal, local and state laws.

Section 14. Transport Information

UN Number 1950

UN Proper Shipping Name Aerosols, flammable

DOT Classification 2.1

Packing Group Not applicable

IATA UN Number UN1950

Marine Pollutant Yes

Section 15. Regulatory Information

The contents of this MSDS comply with the OSHA Hazard Communication

Standard 29 CFR 1910.1200.

TSCA Status All chemical substances found in this product comply with the Toxic Substances

Control Act inventory reporting requirements.

California Proposition 65 This product contains the following chemical(s) listed by the State of California

under the Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65) as being known to cause cancer, birth defects or other reproductive harm:

None known
